You know what – I guess these two combos really don't get either district. I looked back at the 2018 GEMS db and they are the only two in there with no assignments to the County Council or School Board.

I thought that was a mistake or reporting error but I guess not. So I'm going to move ahead and remove the district assignments.

I tried to call the county, no answer. I will send them an email and hopefully we can get an answer in the morning.

It will be easier for us if you can tell us the Combos/precincts that need SB Dist 7 and which one do not.

Which ones need City County 4 and which do not

Who doesn't need SB Dist 3
